

# JESSE & ERIN ATKINSON

(SAMUEL AND AMOS)

Wycliffe Bible Translators — Oaxaca (wah-HAH-kah), Mexico

## WHAT WE DO:

We serve the Zapotec people of San Dionisio in Oaxaca. They do not currently have any access to God's Word in their language! Their language, Zapotec, is tonal and has more in common with Chinese or Swahili than Spanish.

Our vision is to see them transformed by the power of Scripture in the language that best speaks to their heart.

**Offering Goal: \$2,500**

(To pay our primary Zapotec tutors and fund literacy development)

Working alongside the community, our goal is to translate the Bible into their language and assist them with literacy (we're currently testing a tentative alphabet) and other church materials in their own language, such as hymns and liturgy.
